

## Drip Drop Gone Wrong

**Object:** Have students sit in a circle and explain that this game will be played like Duck Duck Goose, except the person that is "it" has to grab a mystery cup with mystery ingredients in it (make sure an adult hands the students the cups).

**Supplies:** Foam cups, ketchup, mustard, flour, milk, water, pickles, sauerkraut, sardines (any other gross thing you can think of), Shampoo, Conditioner, mud pit

### Preparation:

This game should be played outside and you should inform your students to wear old clothes that they don't care getting dirty and a swimsuit underneath their clothes, also bring a towel. Also inform student's parents that their child will be getting messy!

Have your students sit in a circle around a mud pit and choose one student to be "it" first. Explain to the students that this game will be played like Duck Duck Goose but the person who is it will have a mystery cup given to them and they have to go around the circle and say, "Drip drop gone, drip drop gone." To tag someone, the player will say, "Drip drop gone WRONG," and dump the contents of the mystery cup on that person's head. Then they will get up and chase the other person and if they tag that person before they get to their spot than they have to sit in the mud pit in the middle of the circle.

If a student should end up in the mud pit they can only get out of the mud pit if someone replaces them by getting tagged or if the person that is it says they can get out of the mud!

Allow students to play until all of the mystery cups are used up. After the game, line up your students and hose them down to wash the mystery gunk out of their hair!

### Break It Down

**Scripture:** Romans 6:23 (NIV)

**Main Point:** After this game, we were covered in disgusting stuff and smelled gross. That's how sin is in our lives. When God sent Christ to die for us, He died for all of our sins. Because of sin in this life we will continually have struggles, but our life with Christ is eternal. We have been forgiven of the stink in our lives, and we will be given everlasting life with God. We have a God that loves us so much that He sent His Son Jesus to die for us and to forgive us even though our choices can stink and we don't deserve to be forgiven.

If you have never asked God to forgive your sins and come into your life, now is the time! God loves you regardless of the stink in your life. You can never be good enough for God, but by simply asking Him to come into your life, you are saved!
